Quality learning institutions

Affordable cost of living

Silicon Valley of the East

Multiculturalism and more

All member colleges are accredited by the Malaysian Qualifications Agency (MQA), a statutory body governed by the Ministry of Education to ensure the quality of Malaysia's higher education.

ABOUT StudyPENANG

Whether you are looking to gain an understanding of Penang's education system or are simply looking for more information to adapt to your new life in Penang, you need a one-stop information provider to ease all your education related concerns, and that's where StudyPENANG comes in. We help you find your best fit to achieve your study goals here in Penang!

EDUCATION IN PENANG

Strategically located in the heart of South East Asia, Penang is a world-class education hub that attracts regional and international students with its first-class institutions of higher learning and affordable cost of living.

With a history that stretches back to the early days of the British administration, Penang is proud of its excellent education system. Many of the public schools in Penang are among the oldest and most outstanding in the country, such as the famed

Penang Free School and St. Xavier's Institution. Although Bahasa Malaysia is the national language, English and Mandarin are widely spoken, making communication easy.

There are many opportunities such as internships and practical work experience that exist in this thriving metropolis that is also home to numerous multinational corporations, international hotels, tourism spots, world-class hospitals and business processing hubs.

FIRST-CLASS LEARNING FACILITIES

Universities and Colleges here provide first-class learning facilities, face-to-face classroom lectures and hands-on practical training to prepare students with the necessary skill sets geared towards improving employability. The Penang Digital Library is a 24-hour library, offering a safe and conducive place for students to study or hang out.

SO, WHY STUDY IN PENANG?

Asia's Most Liveable City

From the famed UNESCO World Heritage Site of George Town to the beautiful sunny beach resorts of Batu Ferringhi, students will have an enriching experience studying in Penang. As one of Asia's most liveable cities, it also offers homeliness, a safe environment, good food and quality healthcare for students.

World-Class Education

Many member colleges also collaborate with prominent foreign universities from Australia, New Zealand, the United Kingdom and the United States to offer unique twinning programmes that enable students to earn a foreign degree at an affordable fee.

Internationally in Demand

Additionally, Malaysia has climbed above UK, France and Japan in the International Institute for Management Development's (IMD) World Talent Ranking due to the country's investment in education to develop its homegrown skilled workforce.

DISTED College, established in 1987 as Penang's pioneer private institution of higher learning, has undergone a remarkable transformation since its modest beginnings, emerging as a prominent institution of higher education in Penang. Our overarching vision is to become the premier college in Penang, dedicated to serving the needs of both industry and the community. Today, the College offers a diverse range of programs encompassing **Certificate, Foundation, Diploma, and Bachelor Degree** levels across various fields, including **Accounting, Business, Marketing, English, Computing, Creative Multimedia, Communication, Data Analytics** and **Psychology**. Additionally, DISTED has earned a distinguished reputation as the leading provider of **Cambridge A-Level** and the **South Australian Certificate of Education (SACEi)** within the state.

At DISTED, we deeply regard the well-being of our students and all members of our campus community. Our educational approach places a strong emphasis on integrating industry perspectives into students' learning experiences. Leveraging our close collaborations with industry leaders, we prepare graduates who are highly sought after for their technical proficiency and interpersonal skills. Integrity is at the core of our values, and we consistently uphold principles of transparency and fairness in all our endeavours. Our commitment extends beyond the classroom, as we prioritize diversity and inclusivity within our campus and our engagement with the broader community. We are dedicated to achieving excellence and professionalism across all facets of college life.

Metaverse Universal College (MVUC) is the pioneering institution in Malaysia to introduce Metaverse-based teaching and has achieved global recognition in the 2024 WURI Rankings, placing among the top 100 in multiple categories. MVUC secured the 41st position worldwide in the "STUDENT MOBILITY AND OPENNESS" category and ranked 62nd in the "INDUSTRIAL APPLICATION" category.

Situated in the heart of George Town, Penang, MVUC is part of an international education group dedicated to diverse and progressive learning. The campus spans 3 acres and was once a historic convent school with over a century of history. It has been extensively renovated to offer a modern and revitalized learning environment. The campus includes the Phoenix Asia Academy of Technology and the Phoenix Asia Language Centre, blending state-of-the-art teaching resources with an international educational approach to provide students with a comprehensive learning experience and opportunities for cross-cultural interaction.

MVUC is committed to fostering a vibrant and forward-thinking educational environment, leveraging its advanced facilities and resources to cultivate future leaders with a global perspective. The college places great emphasis not only on academic excellence but also on the holistic development of its students. MVUC strives to deliver a well-rounded educational model that supports students in achieving academic distinction, practical skills, and personal growth.

Penang International Dental College (PIDC) was established in the year 2006 and has since, successfully trained more than 800 dental surgeons. We offer a 1-year **Foundation in Science (FIS) programme** as well as a unique **Doctor of Dental Surgery (DDS) programme**, wherein students pursue their first two years of clinical studies at Saujana Putra Campus, MAHSA University, and final three years of clinical training at PIDC Campus, Butterworth, Penang.

PIDC is a full-fledged dental college with a dental centre, which offers holistic dental care. The dental clinic which has been fully operational for more than 18 years, has played a major role in the development of oral health care, especially for patients who are from the lower income group, the physically and mentally challenged groups and senior citizens.

The institution works together with the Penang State government, NGOs and welfare organizations to create awareness and encourage people from the lower socio-economic groups to access affordable oral health care.

Programmes Offered:

- 1) **Foundation in Science (FIS)**
(1-year programme at PIDC Butterworth)
- 2) **Doctor of Dental Surgery (DDS)**
(5-year programme; first 2 years at MAHSA University, Bandar Saujana Putra and remaining 3 years at PIDC Butterworth)

Scholarships Available

Foundation in Science (FIS) – up to 100% Scholarship
Doctor of Dental Surgery (DDS) – up to RM30,000 Scholarship

Peninsula College Georgetown - The Ship Campus, docking at Batu Kawan permanently, offers you an amicable journey of tertiary learning experience with the collection of highly-in-demand programmes ranging from certificates to masters degree. While working together with partners like University of Plymouth, Peninsula College Georgetown was established with the students at heart where the essentials are always observed; the furnishing of a conducive learning environment, the provision of opportunities to earn a livelihood and the chance to live a balanced lifestyle where each of these areas is just a stone-throw away from one another. Thus, the concept of "Campus-in-Industry" was conceived at Batu Kawan Industrial Park (BKIP).

This concept holds the key to unlock the uniqueness in your life as an undergraduate - the learning, the living and the leisure come together as one where you the choice is yours to make, with everything you need as an undergraduate has been readily prepared for your convenience.

PCG offers the ideal combinations that will assist in moulding you into your purposeful adulthood because "Your Employability is Our Priority!"

Programmes Offered:

- Certificate, foundation, diploma and bachelor in:
- Logistics
 - Business
 - Computer Science
 - Accounting & Finance
 - Electrical & Electronics

RCSI & UCD Malaysia Campus (RUMC) has its roots in Penang Medical College (PMC), which was established in 1996. PMC was created through a collaboration between the Royal College of Surgeons in Ireland (RCSI) and the University College Dublin (UCD), two respected medical universities in Ireland. In 2018, RUMC was awarded University status by the Malaysian Ministry of Higher Education as a Foreign University Branch Campus, making it one of the highest levels for a foreign-owned university in Malaysia. Today, RUMC is the only Irish university in the region and is recognised by the Malaysian Medical Council (MMC) and Irish Medical Council (IMC) as graduating high-performing doctors. Our students receive a comprehensive medical education and hands-on training in state-of-the-art facilities, preparing them to succeed in the medical profession and ensuring our graduates can pursue their medical careers anywhere in the world, including USA and Canada with recognition from ECFMG, FAIMER and WDOMS.

Stonyhurst International School Penang is a co-educational day school for pupils aged 3 to 18. Founded in partnership with the 431-year-old Stonyhurst College in the UK, we are proudly the only British school in Penang. With 800 pupils already enrolled within our first two years of opening, we are steadily cementing our position as a top-choice international school for discerning parents across Asia.

The school boasts state-of-the-art facilities, designed with 21st-century teaching and learning pedagogy in mind. Pupils have access to world-class academic, theatre, music, and sporting facilities, including an AstroTurf field, an 8-lane swimming pool, a learner's pool, a multipurpose hall, a dance studio, dedicated Junior and Senior School libraries, an art gallery, as well as a 500-seat auditorium.

Throughout its 431-year history, Stonyhurst has always been a springboard to a life of purpose, as it will be here in Penang as well. Through our cura personalis approach — care for an entire person — we guide each pupil on their academic, sporting, creative, spiritual, and emotional journey, watching with pride as our boys and girls grow to be men and women for others. Our motto, Quant Je Puis ("as much as I can"), permeates our approach to education. We are committed to knowing and caring for every child, and we expect our pupils to demonstrate care, compassion, and commitment to others throughout their time at Stonyhurst International School Penang.

Programmes offered:

- Early Years Foundation Stage (EYFS)
- International Primary Curriculum (IPC)
- IGCSE
- A-levels (in August/September 2025)

Located in Tanjung Bungah, Penang, Tenby Schools Penang stands out for its state-of-the-art STEAM Engine building, bringing Robotics, Virtual Reality, Music and Technologies into everyday learning, making it one of the leading schools in Malaysia for STEAM - Science, Technology, Engineering, Arts, Mathematics-focused education. Students work together in learning spaces such as the Robotics and Coding Lab, Makerspace, Black Box Theatre, Food Technology Kitchen and more that nurture creativity, problem-solving, and practical skills, preparing them for an evolving world. Every learner is empowered to innovate and take on challenges with confidence.

Our campus hosts both our International (Tenby International School) and Malaysian National (Sekolah Sri Tenby) schools. Whether your child is in the International or Malaysian National syllabus, they'll benefit from a global perspective that balances academics with a rich variety of pastoral care and after-school activities. This approach ensures their personal growth, helping them thrive both inside and outside the classroom. Our reputation for being among the best value schools in the area is derived from our strong emphasis on providing students with wider experiences, by encouraging participation in activities such as International Learning Opportunities for Students programme (ILOS), The Duke Of Edinburgh's International Award, Model United Nations and international trips.

Tenby Schools Penang is proud to be part of the International Schools Partnership, iSP - a global community dedicated to growing the world's most curious, confident minds. Our holistic approach fosters both academic excellence and character development. This commitment is reflected in our Learning.First™ approach, which places students at the centre of their learning journey.
